AI Helpy Chat - Test Report

Date: 2025-03-26

Author: QA Team

---

1. Introduction

This document contains sample test data for the AI Helpy Chat QA project. The pu
rpose of this file is to verify that the system can correctly parse and summariz
e PDF documents uploaded by users.

2. Test Results Summary

- Total test cases: 21
- Passed: 18
- Failed: 2
- Skipped: 1
- Pass rate: 85.7%

3. Conclusion

Overall the system performed well. Minor issues were found in clipboard handling.
Recommend fixing before production release.
